- Police reforms** : On promotion to the highest rank of the DGP Training, Rajasthan, I supervised Training Administration of Rajasthan Police and took initiatives for improving training facilities, organising new courses for skill up gradation, efficiency improvements and better Police-Public Relationships.
- I got customized the e-Samadhan software for monitoring of complaints received by various offices of Rajasthan Police Department. I also got prepared PIS (Personnel Information System) software by the NIC Rajasthan for all men and officers of the Rajasthan Police and monitored its proper functioning. I also took initiatives to streamline the training syllabi and ensured its implementation.
- Present role** : Post my superannuation from the Indian Police Service on 31<sup>st</sup> March, 2011; I have engaged myself in completing my Ph.D research work. I have also worked as an advisor in interviews for Civil Services Examinations conducted by the UPSC and RPSC.
- Aspirations** : I wish to make my humble endeavor to give back to the society and particularly to the youth of our great country whatever I have learnt and experienced during my 39 years’ long service career.
- Areas of interest** : I am interested in interacting and sharing my experiences regarding Ethics in Government Administration, Efficient Delivery of Public Services, e-Governance, Leadership, Motivation and other areas of General Management.
- Future role expected:** : I am looking forward to shoulder a responsibility to lead an Institute/Organisation in the field of education, training administration and management.
