Technical Event Report

1. Event Overview

Event Name: CS Club Orientation

Date of Event: 11 September 2025

Venue: Malviya Sabhaghar

Organized by: The Computer Science Club

In Association With: Technical Societies of MNIT

Coordinators:
Divyansh Joshi (2023UCP1622)
Pritam Barman (2023UCP1608)

2. Introduction

The Computer Science Club organized an orientation session for first-year students to introduce them to the club's vision, activities, and the vibrant technical culture at MNIT Jaipur. The event was conducted on **September 11, 2025**, at **Malviya Sabhagaar**, and aimed to create an engaging and welcoming environment for new students.

Event Theme:
Welcoming first-year students and introducing them to the Computer Science Club while promoting a positive and collaborative technical culture at MNIT Jaipur.

Objective:
The primary objective of the orientation was to familiarize first-year students with the Computer Science Club, its mission, and activities, while encouraging student participation, interaction with seniors, and early involvement in technical and coding-related initiatives.

Target Audience:
The target audience included first-year undergraduate students from various branches with an interest in computer science, coding, and technical extracurricular activities.

3. Event Highlights

Description: .

The session began with an introduction to the Computer Science Club, followed by introductions from advisors and executive members, who shared insights into the club's objectives, ongoing activities, and opportunities for student involvement.

An interactive online technical quiz was then conducted, featuring questions related to MNIT and general technical knowledge. The quiz added an element of excitement to the event, with top performers being rewarded with chocolates.

The event concluded with an interactive Q&A session and interviews led by third-year secretaries and 2nd year executives, where students actively asked questions related to joining the club, academics, and technical growth. The session ended with a group photograph and a team picture, capturing the enthusiasm and spirit of the orientation.

Activities:

The orientation included the following activities:

- Introduction to the Computer Science Club and its initiatives
- Interaction with advisors and executive members
- Interviews for being a member of the club
- Online technical quiz
- Q&A session with senior students
- Group and team photography

Participation:

Approximately **130 first-year students** from various branches participated in the orientation program.

6. Sponsorship

Sponsorship: None

7. Feedback and Suggestions

Participants' Feedback:
Participants shared positive feedback regarding the engaging and interactive nature of the orientation. First-year students appreciated the friendly interaction with seniors and the informative overview of the club's activities. Many students expressed enthusiasm about joining the Computer Science Club and participating in upcoming events and technical sessions.

8. Good Quality Photos/Videos

High-quality photographs and videos were recorded and documented for future reference and promotional use
