Technical Event Report

1. Event Overview

Event Name: Placement Talk

Date of Event: 09 January 2026

Venue: Deeksha Sabhaghar , Prabha Bhawan

Organized by: The Computer Science Club

In Association With: Technical Societies of MNIT

Coordinators:
Divyansh Joshi (2023UCP1622)
Maahir Taneja (2023UCP1587)

2. Introduction

The Computer Science Club organized a **Placement Talk** to guide students through the placement preparation process and provide them with first-hand insights from seniors who had recently experienced it. The session was conducted on **January 9, 2026**, at **Deeksha Sabhaghar**, with the objective of helping students gain clarity, confidence, and direction regarding placements.

The event served as an interactive platform where juniors could learn directly from fourth-year students about effective preparation strategies, common challenges, and practical lessons learned during the placement season. The open and engaging nature of the session encouraged meaningful interaction and knowledge sharing.

Event Theme:
Guidance and mentorship for effective placement preparation through senior student experiences.

Objective:
The primary objective of the Placement Talk was to help students understand the placement process in a realistic manner, provide practical preparation strategies, and motivate them by sharing real-life experiences and lessons from seniors.

Target Audience:
The target audience included undergraduate students from various branches who were preparing for or interested in upcoming placement opportunities.

3. Event Highlights

Description: .

The Placement Talk was held from **5:00 PM to 8:00 PM** at **Deeksha Sabhaghar** and witnessed active participation from approximately **150 students**. The session featured **seven fourth-year seniors**, who shared their individual placement journeys and experiences.

The speakers discussed key aspects of placement preparation, including **Data Structures and Algorithms (DSA)**, competitive programming, projects, internships, resume building, and interview preparation. They also highlighted common mistakes, challenges faced during the process, and strategies that helped them succeed.

An interactive **Q&A session** followed, where students asked questions related to company selection, off-campus opportunities, interview preparation, and managing stress during placements. The honest and experience-driven responses from the speakers made the session highly relatable and informative.

Activities:

The event included the following activities:

- Placement preparation talks by fourth-year seniors
- Discussion on DSA, competitive programming, projects, and internships
- Resume and interview preparation guidance
- Interactive Q&A session
- Peer-to-peer mentoring and experience sharing

Participation:

Approximately **150 students** attended the Placement Talk and actively engaged throughout the session.

6. Sponsorship

Sponsorship: None

7. Feedback and Suggestions

 Participants' Feedback:
Participants shared highly positive feedback, stating that the session was both motivating and informative. Students appreciated the seniors' openness in discussing their struggles, mistakes, and growth during placements. The practical advice and realistic insights helped participants feel more confident and better prepared for their own placement journeys.

8. Good Quality Photos/Videos

 High-quality photographs and videos were recorded and documented for future reference and promotional use
