

# Technical Event Report

## 1. Event Overview

**Event Name:** Science Trivia – A Quiz Competition

**Date of Event:** 9th November

**Venue:** VLTC 109

**Organized by:** Science Club, MNIT

**In Association With:** Technical Societies of MNIT

### Coordinators:

- Dr. Rajnish Dhiman
- Dr. Anirban Dutta

## 2. Introduction

The event “*Science Trivia – A Quiz Competition*” provided an engaging platform for students to test and enhance their scientific knowledge in a competitive environment. The event aimed to promote scientific awareness, encourage critical thinking, and create enthusiasm for learning beyond textbooks.

The quiz encouraged participants to apply scientific concepts quickly and logically while fostering teamwork and healthy competition among students.

### Event Theme

A celebration of scientific knowledge, logical reasoning, and analytical thinking through a competitive quiz format.

### Objective

The primary objective of the event was to enhance scientific curiosity, improve problem-solving skills, and provide an interactive learning experience for students in a fun and competitive manner.

### Target Audience

The target audience included undergraduate students interested in science, logical reasoning, and competitive learning activities.

## 3. Event Highlights

### Description:

The event was successfully conducted on 9th November at 1:00 PM in VLTC 109. Around **25–30 teams** participated enthusiastically in the competition. The quiz included multiple rounds such as general science awareness, rapid-fire questions, visual identification, and concept-based problem-solving rounds.

After an intense and closely contested final round, the winners were announced as follows:

- **1st Place:** Team Argon
- **2nd Place:** Team Quantum Mind
- **3rd Place:** Team Ritik

All participating teams demonstrated excellent teamwork, quick thinking, and strong scientific understanding.

### Activities

- General science quiz rounds
- Rapid-fire rounds
- Visual identification rounds
- Concept-based problem-solving rounds

### **Participation**

Approximately **25–30 teams** participated in the event, with an enthusiastic audience present throughout the competition.

### **4. Sponsorship**

**Sponsorship:** None

### **5. Feedback and Suggestions**

#### **Participants' Feedback:**

Participants expressed positive feedback regarding the organization and structure of the quiz. They appreciated the competitive yet enjoyable learning environment and suggested conducting similar events more frequently.

### **6. Good Quality Photos/Videos**

High-quality photographs capturing quiz rounds, participant engagement, and prize distribution were taken and documented for future reference and promotional purposes.
